## How to Fight Tuberculosis

Dr. J. W. Carhart, of San Antonio, Texas, says: "Since time immemorial three-fourths of all the mineral substances of the human body, they must be supplied in the food or supplemented in mineral preparations, or natural starvation causes, with tuberculosis unchecked. The spread of tuberculosis and other preventable diseases is due largely to desiccated (lime lacking) conditions of multitudes throughout the civilized world."

Since time is one of the ingredients of Schuman's Alternative, much of its success is due to its combination in such a way as to render it easily assimilable. Schuman's Alternative has effected remarkable results in tuberculosis, which, in many instances, apparently has yielded to it and thus it contains no opiates, narcotics or habit-forming drugs. It is safe to use.

## SAMUEL THORNE DIES.

Millionaire Was on Fishing Trip in Canada With James J. Hill.

POUGHKEEPSIE, July 6.—Word was received here to-day of the death on Sunday at a fishing camp in the Province of Quebec, Canada, of Samuel Thorne, a millionaire resident of Millbrook, Dutchess County. Mr. Thorne was in his eightieth year, but when he left ten days ago for a fishing trip along the St. Johns River with James J. Hill, the railroad magnate, he was apparently in perfect health.

Mr. Thorne was successful in the leather business in New York, and later was President of the Pennsylvania Coal Company. At the time of his death he was a director of several large corporations.

Mr. Thorne is survived by a widow, four sons and a daughter. He was an uncle of Oakleigh Thorne.

## SAM BLYTHE BACK FROM THE ORIENT TO GET THE NEWS

Hearing of Bombs and Things, He Asks: "Anything Big On for To-Day?"

Samuel G. Blythe, political writer, short story author and all-round literary athlete, returned to-day on the Norwegian American liner United States from the Far East by way of the Frozen North. Mr. Blythe had been in the land of the rising sun for many months, now hobnobbing with the President of China and his Cabinet, again bowling the banzai with the Emperor of Japan, his imperial suite and other wonderful whatnots.

In the rice fields of China only echoes of passing events reached him. He heard that the Lusitania had been torpedoed, but until he arrived in New York he did not know the tragedy of it. Somewhere in Russia he heard a whisper of the resignation of William Jennings Bryan.

"We got a wireless Saturday that the United States Senate had been blown up," said Mr. Blythe, "but no particulars. Then we got news that J. P. Morgan had been shot. And this morning the pilot told us that Police Headquarters had been dynamited yesterday. Is there anything big on for to-day?"

"I crossed Siberia and Russia on the Trans-Siberian Railway and from Petrograd I went to Norway and Sweden and took this steamer at Christians. On the voyage over we went north of the Shetland Islands, but nothing bigger than a trawler came out to give us the once-over."

"What news have you, Mr. Blythe?"

came in a chorus from the ship news reporters.

"Shush!" returned Sam. "I'm working that side of the street myself. I'm going to write my own interview."

Mr. Blythe was once a very good newspaper reporter himself.

**Aged Woman Ends Life.**  
Mrs. Ellen Elmand, a widow, seventy-eight years old, of No. 419 East Fourteenth Street, committed suicide today by inhaling gas. Stewart Watt traced gas to the aged woman's room. No cause could be ascribed for the woman's suicide.

## ROBBERS GET \$20,000 AT CHICAGO RESORT

Four Overpower Amusement Park Watchmen, Blow Safe and Escape.

CHICAGO, July 6.—Four robbers overpowered two watchmen at the Midway Gardens, an amusement park, early to-day, blew open the safe and

escaped with \$20,000, according to a report made to the police.

The robbers locked the two watchmen in a small room, then blew open the safe, which they had covered with wet rugs to deaden the sound.

**Looted Cigar Store Safe.**  
When Samuel Rosenfeld Jr., manager of the United Cigar store at No. 128 Bowery, opened the place this morning he found that crackmen had pried open the safe and taken \$250. The store was entered by forcing a door leading to a loft building. Tools with finger marks left by the robbers may aid the police.
